General Comments / Recommendations:
The Licensing Specialist recommends:

Ensure all employee TB screenings/tests and medical information is kept in a separate folder, outside of background checks.

All sections of provider's application should be completed and no sections should be left blank. Please add unknown, not applicable, none reported, etc.

An Electronic Health Record may help the provider with organization of documents and ensuring all required sections are completed.

Please respond to the Licensing Report on or before the due date.

Please include any relevant documents as attachments for proof of action taken, as applicable.

I understand it is my right to request a conference with the reviewer and the reviewer's supervisor should I desire further discussion of these findings. By my signature on the Corrective Action Plan, I pledge that the actions to be taken will be completed as identified by the date indicated.
