Here are the supporting documents. we were lock out of the system. In this case we made attempt to communication and inform in a timely manner. Respectfully, OLR) Not Accepted 08/03/2023 While being locked out of CHRIS is not a valid excuse for a late report, there are a few ways to minimize this issue keeping your team from entering a report in CHRIS. Please see the excerpts from our Serious Incident Reporting Guidance below. I have attached the documents for convenience as well. Memo- Guidance on Incident Reporting Requirements (August 2020) There may be unusual circumstances when a provider is unable to report an incident through the CHRIS system because of a CHRIS system error or a network outage. The ONLY valid reasons for not reporting a serious incident into CHRIS include: 1) The CHRIS system was not functioning at the time the incident was discovered; or 2) The provider was unable to access the CHRIS system for reasons that were not in the provider's control. If a provider is unable to report a serious incident through the CHRIS system for one of these valid reasons, then the provider must notify the Office of Licensing's Incident Management Unit (IMU) via e-mail (incident_management@dbhds.virginia.gov) of	8/23/2023

			the provider's inability to report the incident through the CHRIS system within 24 hours of the discovery of the incident. Memo-CHRIS Updates (October 2019) Beginning on October 7, 2019, the IMU will begin issuing Corrective Action Plans (CAPs) statewide for all five regions for all incidents not reported within the required 24-hour timeframe. We are anticipating the impact of this change within the OL will be minimal as many providers work diligently to comply with the regulations. In preparation for this upcoming date, I would like to remind you of the following requirements: • All incident reports must be submitted within 24 hours from when the incident was discovered. • All providers are required to have a back-up person to enter incidents into CHRIS. When one individual is locked out of CHRIS the back-up individual will be able to submit the incident within the 24 hour time frame. • All providers must notify the OL IMU at incident_management@dbhds.virginia.gov, instead of their licensing specialist, when they are unable to enter an incident into CHRIS because the system is down. Additionally, • Provider is reminded that user passwords will expire if inactive for over 90 days. To keep passwords active, all users must log in at least once every 89 days. • Provider is reminded that if they encounter issues entering incidents in CHRIS an email should be sent to incident_management@dbhds.virginia.gov) within 24 hours of discovery of the

			incident. The email should include a description of the issue and with a screen shot showing the issue. • Provider is reminded that if they are locked out to send an email to deltaprod@dbhds.virginia.gov for account resets. You may include IMU and your licensing specialist. In addition to the above, the provider response needs to include the following: 1. Describe the specific issue that led to the late reporting. 2. How was the late reporting of incidents addressed? Was it a meeting, a training, or process change? Please be specific. 3. Description of safeguards enacted agency wide to ensure all Level II and Level III are entered into CHRIS within the required timeframe. 4. Staff by title responsible for monitoring process implemented to ensure timely data entry of Level II and Level III incidents into CHRIS. This role should be someone other than the person who is responsible for entering the data in CHRIS where possible. 5. Indicate the frequency for monitoring the plan including how it will be monitored (Ex: daily checks, monthly audits, weekly chart reviews, quarterly checklist). 6. Staff by title who has the primary responsibility to enter incidents into CHRIS. 7. Staff by title who serves as back up to enter incidents into CHRIS when the designated person is unable to do so including nights, weekends, and holidays.

			8. Date backups were/will be trained/reeducated on entering information into CHRIS including deadlines. 9. Staff by title who serve in the Delta roles- Administrator, Security Officer and Supervisor. 10. Date(s) Security Officer, who has the ability to reset passwords for the organization, completed training on how to reset passwords. Training video link is included in the OL Guidance & Training Links document uploaded for your convenience. 11. Provider is encouraged to review Office of Licensing CHRIS Training and Guidance documents located on the DBHDS website as a basis for staff training. You will find a document that contains links to the training and guidance documents uploaded within the CAP for your convenience. PR) 08/04/2023 Program director or designee shall notify the department within 24 hours of any serious illness or injury, any death of a resident, and all other situations as required by the department. Such reports shall include: 1. The date and time the incident occurred; 2. A brief description of the incident; 3. The action taken as a result of the incident; 4. The name of the person who completed the report; 5. The name of the person who made the report to the placing agency and to either the parent or legal guardian; 6. The name of the person to whom the report was made. In the event we are lock out we will send update
