

Relapse Prevention Plan

Name : _____

Date : _____

RPP for : _____

Thoughts and attitudes that begin the relapse cycle for me:

The person(s) I will share my thoughts with who can help me stay in recovery is:

People, places, things and activities that are risky for me in recovery:

I will get my parents approval to go with people, to places and do things so I will have help in avoiding relapse.

What positive messages will you post on your mirror and use throughout each day:

The first signs of relapse that my parents or others will see are:

1.

2.

3.

4.

5.

If I am cycling toward relapse the things I am likely to say, deny, minimize or rationalize are:

1.

2.

3.

4.

5.

If I've ignored all the indicators of a relapse and find myself in a situation that could lead to relapse, things I can do to prevent relapse and get to 'safety' are:

1.

2.

3.

4.

5.

I will revise my Relapse Prevention Plan in consultation with the following people and on the following date:

1. **PARENTS**

2.

3.

4.

5.
