"I thought the Discovery was powerful, Focus was 10 times more."

"What I learned in Focus was how to **focus my life** and **take action**"

"The only word to describe it is awesome."

"In Discovery I got a start; I learned to walk. In Focus I learned to run"

"I got some very definite skills in the seminar. I learned about listening to others, how to effectively create different options in my life. A solid seminar with solid results."

"I wish every young person could have this experience. This has made a difference in my life at 35, I wish I had this at 25."

"My wife and I did this together. Not for our marriage because we knew it was good. However, the benefit to our marriage has been to add more fun and caring. For me personally, I realize what a value my marriage really is!"

The above quotes are on file in our office and a reference list will be provided upon request.
