Personal Development Courses

 Boy reading
book on couch

As part of their structured daily schedule, students participate in tightly-integrated Emotional Growth, Character Building and Personal Development Courses. These courses effectively utilize resources such as: professional audio and

video tapes, selective reading material, and daily progress review sessions.

During these courses, students begin to learn what is and what isn't working in their lives and how to make necessary changes. These courses are very effective in helping students gain new insight, motivation and direction.
