Founded: 2012

Airport: Fort Wayne Int'l Airport (FWA/KFWA)

Mission Statement:
Compass Rose is a Christ-centered organization committed to enriching the lives of children and families through emotional healing, personal development, and spiritual growth.

Appropriate Candidates:
Our residential treatment center provides a positive, nurturing environment for teenage girls ages 14-18 struggling with a variety of emotional and behavioral problems including Depression, Anxiety, ADHD, Bipolar Disorder, Reactive Attachment Disorder and issues related to adoption. Primarily, our girls tend to be those who turn inward and tend toward emotional numbing versus aggressive acting out.

Overview of Services:
Compass Rose Academy's distinctive features include:

1. We are centrally located in the Hoosier Heartland, especially for those families from the Midwest region who are looking for expert care but without the distance of traveling across the country. Recreation facilities on our beautiful 700-acre wooded campus setting include a women's fitness center, two gymnasiums, an indoor pool, two softball fields and a low ropes course.
2. Many families don't want to have to choose between expert clinical care and the experience of a healing, nurturing Christian environment. Compass Rose Academy exists so that families don't have to choose between those two important aspects of care. Our Growth Model Philosophy of Care is based on the work of leading Christian psychologist/author Dr. John Townsend, Ph.D., co-author of the best-selling Boundaries series. We blend intensive clinical services into a thriving Christian environment. Throughout clinical and residential programming, we utilize affect-based approaches that emphasize the central role of experience in the therapeutic healing process. Clinical services include individual, group, and family therapy, equine-assisted growth and learning group, spiritual life group, and quarterly Intensive Parent Weekends.
3. Through a scholarship program based on our organization's endowment and annual fundraising efforts, we are able to offer financial assistance so that our quality services are available to the average family.
4. We offer a comprehensive educational program through a partnership with the Metropolitan School District of Wabash County which operates our on-campus school, White's Jr./Sr. High School. The school is fully accredited by the Indiana Department of Education and provides many levels of support from Special Education Services to Advanced Placement (AP) courses and work experience (both paid and volunteer). Our on-campus work sites include a Greenhouse business and a Cafe.
