N	Poplar Springs Hospital This regulation was NOT MET as evidenced by: "Neglect" means failure by a person, program, or facility operated, licensed, or funded by the department, excluding those operated by the Department of Corrections, responsible for providing services to do so, including nourishment, treatment, care, goods, or services necessary to the health, safety, or welfare of an individual receiving care or treatment for mental illness, intellectual disability, or substance abuse. Upon review of CHRIS entry A:20250059, the provider's investigation included a review of camera footage and a review of the provider's policies which revealed: During visitation, Individual #1 entered the bathroom with her visitor and smoked a vape. Employee #1 failed to follow the provider's supervision policy. Based on the provider's investigative finding, there is a preponderance of evidence to support the provider's substantiated finding of neglect.	PR) 10/20/2025 In review of this citation, the provider acknowledges Employee 1 failed to adequately supervise Individual 1. As a result, Employee 1 received a written verbal corrective action plan. The facility policy was updated to reflect to specify in more details who can visit residents while in our care (which does not include friends) This Risk Manager will continue to do weekly camera reviews to monitor not only timely rounding but to ensure our staff are following our patient observation policy. All staff who fail to follow our supervision [policy receive a graduation observation consequence. This will be on-going by this Risk Manager. OHR/OLR) Accepted 10/20/2025	5/14/2025
