

Commitment to Participate in Therapy and
the Program
Exhibit H

Aurora Center for Healing believes that for a student to succeed at home, parent(s) or guardian(s) (Sponsor) need to be actively involved with the student's treatment. We expect Sponsors to be involved in Family Therapy sessions weekly, phone calls with their students twice weekly, and treatment team monthly.

If the treatment team concludes that Sponsor involvement is not happening, Aurora Center for Healing reserves the right to arrange discharge of the student.

I commit to being involved in all Family Therapy sessions, scheduled phone calls with my child, and the treatment team once a month.
