THE FUTURE OF TREATMENT

# THE FUTURE OF YOUR CHILD

Hope for a brighter future begins at Diamond Ranch Academy. The challenges you are facing with your child today do not need to limit the possibilities of tomorrow.

We are an industry leader in helping youth realize their potential. Our students become their best selves in a structured elite private school environment with a personalized therapeutic approach.

SAGE CANYON

We have six treatment programs located on one 55-acre campus. This structure allows us to provide specific, customized care for our students in their individual program while still offering the best facilities to the whole campus. Students have access to significantly more resources than any other school.

# Our Approach

Young people today live in a society of entitlement that promotes self-centeredness, ungratefulness and laziness. We refer to this condition as "Teenage Retirement" - provided everything, earning nothing. Teenage retirement produces adolescents who are bored with life, disrespectful, wasteful and unhappy. To reverse this trend an incredibly simple and effective program was created called the Real-Life Transition Program.
