No member of the National Association of Therapeutic Schools and Programs may discriminate on the basis of race, color, national or ethnic origin in their programmatic or admission policies, or in their scholarship, loan, or extracurricular programs.

Currently, there are no "Full" members in the National Association of Therapeutic Schools and Programs. There are three stages to our membership process: 1) Provisional, 2) Associate, and 3) Full. All programs in this directory are either "Provisional" or "Associate" members.

Provisional membership status is available for those programs that have been operating for less than a calendar year or who currently have no recognized form of accreditation, licensure, or approval on a state, regional, or national level.

Associate membership is available to programs that have been in business for over a year and have some form of accreditation, licensure, or approval at the state, regional, or national level.
