Initial Comments
Based on Arizona Revised Statutes, \'a736-424(B) and Arizona Administrative Code, R9-10-109(E), the Department may accept an accreditation report in lieu of an onsite compliance inspection during the time of the accreditation report. The licensee submitted to the Department the current accreditation report from The Joint Commission valid from September 22, 2022 until September 22, 2025. If the health care institution's accreditation report is not valid for the entire licensure period, the department may conduct a compliance inspection of the health care institution during the time period the Department does not have a valid accreditation report for the health care institution.
