Stillwater Academy

What Parents Should Know About Online Information and Reviews.

When you're navigating treatment options for your child, the internet can be both a resource and a source of confusion. At Stillwater Academy, we want to offer clarity, honesty, and reassurance to the families we work with. If you've come across concerning online reviews or forums, you're not alone—but here's what we believe is essential to understand.

Online Reviews: Not Always the Full Picture

It's natural to search for insight online. But what you find on forums or review sites doesn't always reflect the truth.

- ⚙ **Some negative reviews reference programs with similar names**, but they are not about Stillwater Academy in South Jordan, Utah.
- ⚙ Some reviews come from **activist groups who oppose residential treatment in general**, not from actual students or parents who attended Stillwater Academy.
- ⚙ The vast majority of online platforms **don't verify users or their connection to a program**—meaning that posts can come from anyone, including people who've never set foot on campus.
- ⚙ In some cases, reviews are written by **disgruntled teens still in crisis**, or by individuals with agendas unrelated to your family's needs.
- ⚙ **Because of confidentiality laws**, we are legally restricted from responding to specific allegations or correcting misinformation—this can make one-sided narratives appear unchallenged.

We take pride in the accountability and oversight built into Stillwater Academy's operations.

- ☼ **Licensed** by the Utah Department of Health and Human Services.
- ☼ Subject to **ongoing, unannounced inspections and audits** to ensure safe and ethical practices.
- ☼ Our staff are trained in trauma-informed care, emotional regulation, and adolescent development.
- ☼ Families are welcomed into the process from day one—with **consistent updates, collaborative planning, and regular therapy involvement**.

What We Don't Do—and What We Stand For

At Stillwater Academy:

- ☼ We **do not use physical restraints, isolation rooms, or harsh punishments**.
- ☼ We believe in **relationship-based work**—genuine connection, emotional safety, and consistency create long-term change.
- ☼ Students are treated with **respect, structure, and compassion**, especially when they're struggling the most.

Decades of Real Results

- ☼ **Over 30 years of service** helping families across the country.
- ☼ A carefully balanced model that includes **individual therapy, academic support, group process, family work**, and real-world skill-building.
- ☼ Alumni families regularly tell us, "We finally got our child back."
- ☼ We invite prospective families to speak directly with **current or past parents**. There's no better perspective than hearing from those who've been where you are now.
- ☼ We invite you to come tour the facility and meet the staff and even some of the students. Nothing can replace a parent's intuition.

We know this isn't an easy decision. You're likely feeling stretched between hope, fear, guilt, and uncertainty. We see you. And more importantly, we want to help your child **rebuild, reconnect, and rediscover who they are**—in a safe, structured, and emotionally supportive environment.

Moving Forward with Confidence

-  Stillwater Academy is **licensed, trusted, and highly regarded** by families and professionals.
-  Our team is deeply committed to the **well-being, dignity, and long-term growth** of every student we serve.
-  Don't let anonymous online posts outweigh the **firsthand accounts of families who found healing and hope** here.

You're not alone. If you have questions, we'll answer them. If you have concerns, we'll address them. And if you're looking for a path forward, we're ready to walk it with you.

"For lasting change to occur, it must come from the heart. Stillwater Academy is a professional therapy step up to traditional troubled teen boarding schools."

Should you need help finding mental health treatment center for youth, we encourage you to reach out. Stillwater Academy is a leading non-religious residential treatment center for struggling teens, welcoming adolescents from across the United States who are struggling with behavioral, emotional, and mental health challenges. Our highly structured therapeutic program helps teens overcome anger, defiance, depression, anxiety, trauma, ADD/ADHD, ODD (Oppositional Defiant Disorder), family conflict, adoption-related emotional issues, and substance use concerns through individualized treatment plans. Combining residential treatment, teen counseling, behavioral therapy, academic support, life skills development, and evidence-based mental health care, Stillwater Academy helps struggling teenagers build confidence, accountability, emotional stability, and healthier relationships.

As a comprehensive behavioral health program for adolescents, our experienced clinical team is committed to helping teens achieve lasting personal growth and long-term success, making Stillwater Academy one of the nation's most respected residential treatment programs.
