This complaint is in regards to Spring Ridge Academy 13690 SOUTH BURTON ROAD, Mayer 86333. Lic. # BH1721

I want to remain anonymous in this complaint. The perpetrators are the owners Suzy and Brandon Courtney, Leslie Filsinger clinical director/supervisor, and Susan Dougherty staff supervisor. Susan Courtney thinks the whole COVID "hysteria" isn't worth her time. She has been sick with "allergies" for 3 months hacking and coughing all over campus. If this is investigated it will have to be a surprise visit because I would not put it past them to remove some students and put them somewhere to reduce the population. At the very least they will have their pet staff prepare statements. It is a hostile environment and everyone is afraid of either losing their job, or getting a bad recommendation when they leave. Nine therapists have quit since I started in October 2017 and Leslie has talked bad about all of them. I am on their list of therapists that are troublemakers and not "team players" as you can only be one if you ignore what goes on and keep your mouth shut. I am ongoing looking for another job and they know it. I would love to leave on my time not theirs.

My phone number is [214-548-2757](tel:214-548-2757).
