Helping Girls Find a Better Path in Life

For 20 years, the Clearview therapeutic boarding school for girls has helped young women solve difficult emotional issues such as: attachment disorders, attention deficit, eating disorders, anxiety, depression, self-destructive or antisocial behavior behavior, and issues involved with adoption. We will help your daughter get past her emotional and trauma struggles, as we have done for so many others. Please inquire online or call us.

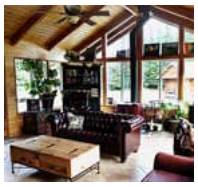

- top academic instruction
- faith-based guidance
- professional counseling
- skilled mentoring
- animal-assisted/equine therapy
- supportive, nurturing atmosphere
- individual and group therapy
- teaching a better self-image
- art, music and creative therapy
- recovery from adoption issues
- trauma recovery
- focus on physical fitness
- a better understanding of life

And More

Parent Testimonials

Enrolling our daughter at Clearview was one of the best decisions that our family has ever made. She dealt with depression and anxiety since she was a small child. We spent a great deal of time and energy going from doctor to doctor trying one medication after another without any results to point to other…

Student Testimonials

“I came in as an immature 17 year old going into my senior year of high school. I had more problems than you could imagine. My passion is life was partying and getting as messed up as I possibly could and I had absolutely no intentions of stopping. I also struggled with severe…

Our insurance providers

Clearview is far less expensive, and your insurance may cover part of our fees. We work with these insurance providers and more:

- Aetna
- CIGNA HUMANA. Guidance when you need it most
- UnitedHealthcare
- PROVIDENCE Health Plan
- BlueCross BlueShield
- TRICARE

- **We Treat Self-Mutilating Behavior**

  Cutting, burning, ripping off scabs, pulling out hairs, skin scratching, head banging, are all self-injury behavior. Self-injury is a coping mechanism to manage overwhelming emotional pain, feelings of anger, sadness, and emptiness. Self-injury is addictive as it releases the body’s beta-endorphins, giving the girl a general feeling of well being.

- **We Treat Eating Disorders**

  Anorexia Nervosa and other eating disorders are a refusal to maintain a minimally normal body weight. It takes over when a girl is afraid of gaining weight and continually sees her body as fat, even though she is thin. With Bulimia the girl often purges food she has eaten by self-induced vomiting, fasting, excessive exercise, laxatives, and diuretics.

- **We Treat Reactive Attachment Disorders**

  Reactive Attachment Disorder begins before the age of five and often happens with adopted children. The girl may respond to caregivers with a mixture of approach, avoidance, and resist their comforting or may exhibit frozen watchfulness. On the other hand, she may also be excessively familiar with strangers. The parent-child relationship is not normal.

We can also help you in your search for other therapeutic academies, therapeutic boarding schools, troubled teen boarding schools, affordable boarding schools, or homes for troubled boys. Clearview Horizon is a Christian therapeutic boarding school for troubled teenage girls offering teen counseling for girls with adoption issues (reactive attachment disorders), self-harm (self-mutilation) or cutting, or eating disorders (anorexia, bulimia, anorexia nervosa). Other behavioral issues and disorders we deal with include: defiance, depression, post traumatic stress, abuse, and general anxiety. If you have an out of control girl, please think about Clearview Horizon, a school for troubled girls that offers teen counseling and teen counselors for troubled girls. We offer counseling for troubled teens and out of control teens and especially work with RAD girls and adopted girls with emotional disorders. If you are searching for residential treatment centers for girls, troubled youth homes, troubled teen schools or troubled teen boarding schools, you have found one. Homes for troubled teens and boarding schools for teens don't typically offer teen counseling and therapy, but we do. A top therapeutic school, Clearview Horizon may also be referred to as a "school for troubled teens". Troubled teen schools and residential treatment programs for teens are often quite costly, but this one of few residential treatment centers and residential schools for teens that is affordable. Clearview Horizon is an all-girl school that provides troubled pre-teen and teenage girls with counseling and adolescent therapy. It is more relational and helpful long-term than boot camps and military schools. The Christian therapeutic residential school and home for troubled girls serves at-risk teen girls from homes in California, on the West Coast and in Oklahoma and in Nevada, Minnesota, Washington State, Oregon and in Idaho.

Clearview Girls Academy | Residential Treatment Center for Troubled Girls

Clearview Girls Academy serves troubled teen girls with expert therapy at their affordable residential treatment center.
