Program Description:

Daytona Juvenile Residential Facility is a high-risk residential commitment program for male youth aged 13 to 18. This program provides youth comprehensive care, treatment, supervision, and evidence-based sex offender services. Youth will also receive psychotherapeutic services, including individual, family, and group counseling while in the program.

A youth's length of stay is determined by the youth's assessed risk to reoffend, their progress in reducing applicable criminogenic needs and risk factors, and the completion of their individualized treatment plan.
