Program Description:

Pompano Youth Academy is comprised of multiple co-located residential commitment programs serving moderate risk female youth aged 13 to 18 who require borderline intellectual functioning, major disorder, intensive mental health, behavioral/mental health and substance abuse services. The programs utilize evidence-based practices to provide comprehensive care, treatment, and supervision. Youth will also receive psychotherapeutic

services, including individual, family, and group counseling while at the program.

A youth's length of stay is determined by the youth's assessed risk to reoffend, their progress in reducing applicable criminogenic needs and risk factors, and the completion of their individualized treatment plan.
