“Boys arrive here with hardened hearts and broken spirits — really messed up. We are privileged to see these same boys soften their hearts and begin to act like boys again…like they were before negative peers, troubles, or self-destructive behaviors came into their lives. Here is where God will truly heal their spirits and give purpose to their lives. What a blessing it is for parents to watch this transformation in their boy.”

Best Choice Network TRUSTED Quality Without Compromise

We can also help you in your search for other therapeutic schools, boarding schools for troubled teens, affordable boarding schools, or boarding schools. This Teen Challenge boarding school for boys in Texas is dedicated to helping troubled boys get an education and a new start in life. As a therapeutic boarding school for at-risk and troubled boys, it offers an on-campus school and an opportunity for a new and

more productive future. Christian boarding schools for boys provide troubled boys with teen counseling and therapy, unlike military schools and boot camps in Texas. We provide counseling and therapy for troubled teen boys from the south and especially from Texas, Oklahoma, Louisiana, Arkansas, Arizona, and New Mexico. We help at-risk teenage boys who are exhibiting oppositional defiant disorder (ODD), attention deficit disorder (ADD), or attention deficit hyperactivity disorder (ADHD). A Christian boarding school for troubled boys offers a comprehensive, faith-based program designed to help young men overcome personal and behavioral challenges. Our school provides a safe, structured environment where students can thrive academically, emotionally, and spiritually. The curriculum combines rigorous academic instruction with Christian teachings, fostering both intellectual growth and moral development. Students engage in daily chapel services, Bible study, and prayer, which help them build a strong spiritual foundation and develop a personal relationship with God. Therapeutic support is a key component of the school, addressing the underlying issues contributing to the students' difficulties. Counselors and therapists work with the boys individually and in group settings to provide emotional support, coping strategies, and behavior modification techniques. Life skills training is also emphasized, teaching responsibility, discipline, and leadership through practical activities and community service projects. We enroll misbehaving boys from families and homes in San Antonio, in Dallas, in Austin, in Fort Worth, in El Paso, in Arlington, and in Corpus Christi, as well as from across the nation.
