

Lakeside Academy

Notice of Privacy Practices

Sequel Youth and Family Services has been providing services to youth at Lakeside Academy since the summer of 2007. Lakeside Academy, a Joint Commission(JCAHO) accredited facility, offers a variety of treatment options for boys ranging from 30 days to 18 months. Located on a 50-acre wooded campus in Kalamazoo, Michigan, Lakeside serves youth from multiple states. Positive behavioral change remains the focus throughout a student's stay at the Academy and the established positive student culture allows for these behavioral changes. All students are challenged to change their negative patterns of thinking and behavior.

WHOM DO WE SERVE?

Students accepted to Lakeside Academy are most commonly juvenile offenders with a history of criminal or delinquent behavior. The program at Lakeside Academy focuses on behavioral change and is largely aimed at students who are impulsive, have a low tolerance for frustration, are easily angered, have a difficulty finding fault with their behavior, thinking or reasoning. These students may also have a limited willingness to accept responsibility for past patterns of behavior. Students referred to Lakeside Academy have limited moral reasoning, considerable criminal pride, and identify with anti-social values. Lakeside Academy students are absent of significant mental illness and extensive histories of self-harm or suicidal tendencies. Students are typically amenable to change, and ready to look toward their future successes.
