White River Academy is a therapeutic boarding school for troubled adolescent males between the ages of 12 and 17, located in Delta, Utah. We provide a safe, secure and structured environment for your son to face and overcome his issues, while he develops into the man he is meant to be. Using an experiential learning approach that makes students think about what they do, we combine therapeutic programming, a customized academic curriculum, and community service to foster personal growth and create men of character and integrity. White River Academy's location in Delta, Utah, was chosen deliberately, so that it could offer the important balance of security and community to the students. We are located in a traditional, old-fashioned country neighborhood that provides the students time away from the intensity of societal demands but gives students access to internships, jobs, sports and volunteer opportunities, as they become ready for those privileges. The location also offers access to a wide array of outdoor activities. Developing physical strength alongside appropriate necessary personal change and social interaction is a vital tenant of our programming that fosters personal growth. Whether a teenage boy uses drugs or alcohol, or has emotional or behavioral issues, we immerse him in an environment where he has to take personal accountability and be responsible for his actions. We teach teens to understand the relationship between their thoughts, feelings and behaviors, so that they can make better decisions. We are proud to announce that we hold certification from the Student and Exchange Visitor Information System, or SEVIS, accepting students from other countries who fulfill SEVIS requirements. White River Academy has a track record of success turning around the lives of troubled teens. Call our 24/7 Admissions Hotline at (866) 636-0108 or visit our website at www.whiteriveracademy.com to watch and read patient reviews about their treatment experiences at White River Academy.
