Benchmark Transitions

Life Strategies for Emerging Adults

Young Adult Transitional Living

Benchmark is a residential, co-ed therapeutic transitional living program. Our model is peergroup and community based, using a life coaching and therapeutic approach.

We offer practical application with skills-based and cognitive behavioral treatment, allowing students to learn personal responsibility and accountability through hands-on trials.

The core component of our curriculum requires a minimum commitment of six months to complete Level I and Level II. The second component of the program is optional and includes on and off property independent living, which makes the typical length of stay a total of 10-12 months. We also offer extended care programs from 12-24 months.

Dual Diagnosis Treatment

We have a Dual Treatment option...

Recovery by Benchmark students are those who have a history of substance use or abuse.

Behavioral Health is for those students who have not exhibited any issues with drugs and/or alcohol.

Both programs include our comprehensive curriculum of education, vocational & work skills, life skills and clinical treatment.

Personalized Help For Parents In Crisis

Woodbury Reports Educational Consultations help parents think through the out-of-control behaviors their child is exhibiting and suggest appropriate placement options. All of our consultants have raised teenagers and helped hundreds of parents professionally. We believe parents should be in charge of decisions regarding their children so we research options to make educated suggestions rather than telling our clients what to do.
