The purpose of *The Source* is to provide updated communication while conveying support and encouragement for families during their process of change. Parents in Action. For some time on this Web site, we have been offering the parents of World Wide Program students opportunities to see their teens in action. Now it's the parents' turn to show proof that they are committed to the same goals we set for the students. From time to time we will offer a Web page devoted to the participants of various TASKS adult trainings and Parent/Child seminars. To see some of our great parents in action, click [here](#).

Tranquility Bay and Carolina Springs Reports. Ken Kay, president of World Wide: "Recently I visited Tranquility Bay and Carolina Springs Academy for my regular visits. Even though there is always room for improvement, I was pleased to find both

Programs making very positive decisions regarding student care, staff training, and facility improvements." Read his reports: [Tranquility Bay report](#) | [Carolina Springs report](#)

Graduates on the BBS. For visitors to our online Parents Forum BBS, we have added a new feature. There is a new forum devoted to photographs from the Programs of the graduates in Focus, Accountability, etc. To see some of our great students in action, look in the BBS for the new "Graduates" forum.

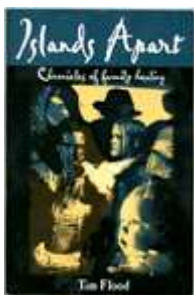

"Frequently Asked Questions" page. This new feature continues with an explanation of Academics. In future installments, other FAQs will be addressed by appropriate WWASP staff members and Program associates. You can check it out through the new link on our Home Page, or read it now by clicking [here](#).

Photos from the Programs gets new treatment. Take a quick tour with these [photographs](#). You might see your child! (Updated as we get them.) Notice the new feature of this project: pictures will be left posted for more than one session. So if you missed the first posting of a photo session, it will still be available for viewing for a few more days. Our plan is to rotate postings from each Program on a 60 to 90 day schedule, depending on Web space, etc.

Landre Foundation needs volunteers. Vision seminar graduates are invited to assist the Foundation support team after seminars. Read about it [here](#).
